SUMMARY

Motivated **Front-End** Developer with hands-on experience in **React.js**, **Vue.js**, **JavaScript (ES6+)**, and responsive web design. Possess a solid foundation in **OOP, Java, and C#,** along with knowledge of **data analysis** that enhances problem-solving skills. Proficient in using **Git/GitHub,** modern build tools, and basic **Docker** workflows. A fast learner, effective team player, and always eager to contribute to building user-friendly and efficient web applications in a professional environment.

PROJECTS & ACTIVITIES

Agency - Master

2025 -

Front-end Developer

Agency System Web App (Mini Version)
Developed a sleek and responsive web application using **React.js** with **Tailwind CSS** for modern UI design and **React Hot Toast** for real-time notifications. The project features a service showcase, company introduction, client testimonials, and essential resources—all crafted to deliver a professional, user-friendly experience. This work demonstrates not only strong technical skills but also a focus on building digital solutions that truly align with client needs.

React - Modern Portfolio

2025 -

Front-end Developer

A modern, responsive portfolio built with **React**, **Tailwind CSS**, and **Framer Motion**, designed to highlight my projects with smooth, engaging animations. Beyond showcasing my work, it serves as a professional hub where recruiters and collaborators can easily connect with me. This project reflects my focus on clean design, performance, and user experience, while demonstrating my ability to combine creativity with functionality.

Coffee Website – Modern Landing Page

2025 -

Front-end Developer

Crafted a sleek and responsive coffee landing page using **pure HTML, CSS, and JavaScript**, blending aesthetic design with seamless interactivity. Features a **striking hero section**, smooth navigation, and engaging CTAs that elevate the brand's digital presence. This project showcases not only **solid front-end fundamentals** but also a strong eye for **design, storytelling, and user experience**.
